Wednesday the Thirtieth

is Decoration Day—or shall we call it Memorial Day? The latter has always seemed to us the better designation, for merely decorating the graves of our heroes is little; it is the recollection, the appreciation, the memory of their great sacrifice that counts, and that makes the day a holy day indeed.

In memory of the boys who wore the Blue and the Gray and the Khaki and the Olive Drab, this bank will be closed all day Wednesday.

The Moral of the Mount Case

Many of our readers have sons at college and many a nervous mother and worried father is losing sleep wondering what their sons may be doing besides studying and living up to the ideas of college life. The Mount case is an unusual one, and there are many outside and extraneous matters brought into it that have nothing whatever to do with college life, but the fact remains that "hazing" of a very severe degree was indulged in, and the poor boy may have been the victim of some thoughtless and heartless prank. One of the surest indications of the miscarriage of college education is the great amount of time devoted to other things than study, for which the young men are primarily sent to college. Athletics are necessary to a certain degree, but with some, it is the principal and sole reason that they go to college, and the daily press devotes more front page space to college athletics than they do to the scholastic events of the institution, and the press is only publishing what the people demand. A college is a world within itself, the social, life, especially in a co-educational institution causes as much envy and jealousy as in the so called "400" of the outside world. The best dressed student and the best spender is too often a leader with sycophantic friends, and the athletic stars occupy an envious field of their own, and investigation proves that true education is neglected for the more showy and popular features of college life. One college is much the same as another, although Northwestern is just now in the limelight, but we dare say that the students of "N. U." are no better or worse than those of other colleges. There are many thousands of really studious young men and women in our colleges, who are profiting by the opportunities given them, and college life should not come under the opprobium that a disorderly element has brought upon them in this isolated case.

Stop the Noise Nuisance

Next to their capacity to mangle and maim people, comes the noise making propensities of some auto drivers. Even the hospital "Zones of Quiet" are no protection from this noise nuisance, and hours of the night, and very early morning, seem the times selected by truck drivers and others to exhibit their powers to murder sleep. We have known physicians who parked their cars on the street in front of the hospitals to open their mufflers and race their engines to make an unearthly noise, probably doing their patients more harm by the noise than they did them good with their pills. While a certain amount of noise may be expected on traffic and street car streets, there can be no excuse for residence streets. More complaints come from 64th st. than any other street, as it is the one used from Wentworth ave. by the police, fire and other city departments as well as early morning and all night trucks. Many of the north and south streets are race tracks day and night, and the protests of the residents go unheeded. It is only the extreme caution of sensible drivers that prevents many accidents, and it is time the police force enforced the ordinances on reckless driving and noise.

Destroying Flowers and Plants

Complaints come to us of the destruction and theft of flowers and plants that people have planted outside their homes to beautify their premises. In many cases it is children who go into other people's lots and gather the flowers, and their parents should make it a point to instruct them better. We have always taken pride in the beautiful lawns in our town, and it is disheartening to the owners to have them devastated as soon as the flowers begin to bloom. The police are instructed to arrest anyone found guilty of this destruction.

The schools, banks and all public offices will be closed Wednesday, being a legal holiday.

Mrs. H. S. Weil of Mineral Point, Wis., returned home Monday after a three weeks' visit with her daughter, Mrs. Irving Penhallegon, of 520 Marquette rd.

William K. Spence, who died Sunday at his home, 6641 Perry ave., was buried Tuesday afternoon at Oakwoods cemetery.

The American Legion requests everyone to wear a poppy on Decoration Day in honor of the boys who fell in the World war.

Chas. F. Manahan of Pasadena, Calif., writes us that he will soon again visit his old friends in Englewood. Probably in three weeks.

An effort is again being made to have the Joliet lines have a terminal in Englewood, as near Wentworth ave. as possible. Have you any suggestions?

After All, the People Alone Pay

We are now facing a lot of strikes if wages are not raised, and in most cases the wages will be raised, not the full amount of the demands probably, but enough to permit prices to be raised on necessary living expenses for the people to pay.

The street car men and the "L" employes want the same raise amounting to about a dollar a day; the building trades ask the same, and in a few cases more; the police force, the fire department, the street cleaning employes and about everyone in the city and county building demands an increase, but a six million deficit left by the old administration prohibits these. The first notice the public will get will be an increase of street car fare to eight cents on the surface lines and straight ten on the "L." Many projected buildings will be stopped and the scarcity of living places will necessitate another boost in rents to reimburse the crafty landlord for increase in taxes, and the cost of building, which was incurred years ago, and is not affected by this raise, and thus it goes along down the line. Increase rents of stores means increase for the goods sold, and all of it must be paid by the little man with the thin pay envelope. This must end somewhere and sometime, and even "the richest country in the world" cannot go on forever with a riot of extravagance that means inflation or starvation.

Bruce Henderson, 6203 Princeton ave., who travels through the west for Armour's, spent Sunday with his parents.

The annual meeting of the Woman's Protective association will be held in room 1108, city hall, Friday, May 25th, at 2 o'clock.

Catherine McCormick died Wednesday at her home, 301 64th st., after a long illness, and her funeral will occur this morning at 9 o'clock from St. Bernard's church. Burial will be at Mt. Olivet cemetery. Miss McCormick was the sister of John and T. F. McCormick and was a highly respected Christian lady.

MR. CHICAGOAN:

You should buy at FORD CENTER because Ford did. He knows! His bank balance is, right now, $39,000,000 greater than that of the United States Government.

Henry Ford is erecting a 6-million-dollar plant in Chicago, to employ 16,000 workers at a monthly wage of 2½ millions. And why is that plant being built at 126th Street and Torrence Avenue, instead of somewhere else? BECAUSE THE GOVERNMENT IS WORKING OUT A PLAN WHICH WILL MAKE CALUMET HARBOR THE GREATEST IN THE WORLD.

FORD CENTER is the best buy in America today. Directly across the street from the Ford plant, and between 126th and 128th Streets, it is only 200 feet from the Ford main entrance, through which will pass the 16,000 employes.

Think it over -- and call Mr. Walton or Mr. Johnson, at Wentworth 0649 -- immediately!

Sleep, Soldier, Sleep

Sleep, soldier, sleep, beneath the flag
Your valor has maintained;
Yours is an honor little guessed
Upon the bygone day
When with a lightly beating heart
Allegiance you proclaimed
To every star and every bar,
And proudly marched away.

The thousands wait in foreign lands,
A white cross at each head,
And wild blooms are the only flowers
These fallen ones may know;
But destiny has brought you home
To represent each bed
Wherein a silent sleeper rests—
There where the poppies grow.

Man has but one sweet life to live,
But one brave death to die,
And millions pass the portals thru
Whose lives have been no gain;
But you are like a privileged son,
Accorded honors high,
Your nation bows in homage true,
And chants your lordly fame.

Sleep, soldier, sleep! Your splendid death
Holds portent for the years,
And men meet men beside your bier
With visions in their eyes:
What value has life's fleeting breath,
Beside a nation's fears?
Yours is the victory of the great—
Inspiring sacrifice?

Sleep, soldier, in your narrow bed,
Your nation's flag unfurled above;
While praise of you is ever sped
The world around, in love.

Planning a Home of Your Own

Certain conditions surround the building or purchase of every home. Family size, age, and position govern, location, transportation and cost. Seldom does any house fit more than one family.

But the renter has learned the art of adaptation to a marked degree, and conditions which would have been almost unbearable at a period when home ownership was more popular are now accepted apathetically.

If you cannot find a home to suit you let us build you one.

We are in touch with the best builders in several lines and can readily and satisfactorily recommend a builder who is expert in the particular type of building you prefer, whether bungalow, residence, 2-flat or large apartment.

It pays to consult a firm that can give disinterested advice on any phase of building about which a question may arise.

NEWS

Herbert Gustafson of 937 59th st., will drive overland to New York, leaving about June 1st.

Please send in your local news items early so we may get them by Wednesday.

Frederick Spikings of 1462 73rd st., who died last Thursday, was buried Saturday at Mt. Greenwood.

The American legion requests everyone to wear a poppy on Decoration day in honor of the boys who fell in Flanders in the World's war.

The new Maling building at 6401 Halsted st., is an ornament to that location and will be occupied by the H. & H. Millinery.

The improvement of Marquette Park is to begin at once and an appropriation of $556,000. Has been made for the purpose.

Mrs. H. O'Brien has sold her property and home located at 1328 74th st., and has bought a new home located at 1238 74th st.

George Cader, a four-year-old boy living at 6609 Aberdeen st., fell from the porch of his home last Friday. He died within an hour. His skull being fractured.

Mr. J. H. Burris are now citizens of Englewood territory, having made their home on the Northwest side for many years. Mr. Burris is local manager for the Regal Shoe company.

Some Halsted st. merchants oppose the opening of Union ave. for fear that building up 63rd st. will injure their business. This is pure "hoggishness" and short sightedness, as making 63rd st. a live street will but add to the trade on Halsted.

Mr. and Mrs. W. E. Stillwell, formerly of Hyde Park, are now residents of Englewood, residing at Carpenter st. and Marquette rd. Mr. Stillwell is connected with the Seifer Carpet shops, their Southside manager.

Traffic officers are needed badly on Halsted st. at the hours when the schools are dismissed as hundreds of little ones endanger their lives every day by rushing across at 64th, 65th and 66th sts., when the traffic is the heaviest.

Representative David Swanson has been appointed a member of the special committee of the State legislature to investigate state pay rolls and expenditures. This is quite an honor for our new member, and it is sure he will do his full duty.

Next Sunday the corner stone of the new St. Rita's church at 62nd st. and Washtenaw ave., will be laid by Archbishop Mundelein. It will be a gala occasion and the church will be one of the finest in the city.

Burglars gained entrance to the home of Mrs. Charles A. Dodge at 6402 Peoria st., Tuesday night by prying open the sun parlors on the third floor. They made a clean sweep of everything of value they could find, and got away before the family returned at 10 o'clock.

Mr. and Mrs. Peter Dunne, 6456 Artesian ave., celebrated their golden wedding anniversary by a solemn high mass. The mass was sung by their son, the Rev. Peter Dunne of Visitation parish, and served by their grandson, Russell Dunne. Ten children and fourteen grandchildren were present at the ceremony. Both Mr. and Mrs. Dunne were born in Ireland.

Miss Helen Butler, the librarian of Lindblom high school is giving a series of talks on the use of the library to the different English classes. She uses the laboratory method, that is, she has the groups of pupils in the library and has them to actually use the facts given them. As practically all public libraries use the same system of cataloguing books and citing references the knowledge gained can be used in any library.

The Lindblom Parent-Teacher association met Friday afternoon in the Community room of the school building. Sherman Park Branch Library

BOYS' BOOKS

With "Boys' Week" just over our attention has been directed to boys and their needs. With the well known thought in mind that the boys of today are the men of tomorrow, the future citizens, legislatures and controllers of the world's wealth and progress we feel that surely the boy's mental welfare as developed by his out of school reading is a big item. The schools are doing much to instill the idea of reading for pleasure as well as study, the home exerts its influence but the library is probably the greatest factor in this particular need of the growing boy. It is to the library he comes with school problems and it is on the library shelves he sees the many books with different appeal, the life of a hero-soldier, Gen. Pershing perhaps, the story of a brave frontiersman, Daniel Boone or Davy Crockett, and it is these books that make an impression on the unmoulded minds and possibly impresses a picture of courage, truthfulness and sincerity that will be a beginning of the further development of like attributes.

One of the library's greatest efforts is to direct the children's reading. Appended is a choice list of stories that several generations of boys have read, enjoyed and profited by. "Barnaby Lee" by Bennett is a stirring tale of adventure among the Dutch of New Amsterdam and pirates. A tale whose quickly moving story will carry boys along and whose sincerity will impress them. Brooks, "Boy Emigrants," is a story of the old days of '49 and a trip across the country in a prairie schooner. Bullen's "Cruise of the Cachalot," is a fascinating account of the daring and excitement of whale fishing. An informative thrilling piece of true adventure. Steffansson in his "Hunters of the Great North" tells of an explorer's life in the Artic of his hunting and fishing with the Eskimos.

The splendid lives of Lincoln, Roosevelt, Daniel Boone and Edison are wonderful examples of fine men with which to fire boys' ambitions.

Some other ripping good stories are: Stevenson, "Black Arrow"; Meader, "Black Buccaneer"; Crump, "Boy's Book of Mounted Police"; White, "Daniel Boone Wilderness Scout"; Browne, "The Frozen Barrier"; Hall, "High Adventure"; Heyliger, "High Benton"; Scott, "The Talisman"; Dumas, "The Three Muskateers"; Verne, "Twenty thousand Leagues Under the Sea"; Altsheler, "The Young Trailers"; Clemens, "A Connecticut Yankee in King Arthur's Court"; Pyle, "Merry Adventures of Robin Hood."

The library is open from 9 a. m. to 9 p. m. on every week day except legal holidays. We will be open from 2 p. m. to 6 p. m. on Memorial day.

Best Screen Stars at the Harvard for the Week

Friday and Saturday, May 25th and 26th. Norma Talmadge has never been surrounded by a stronger cast than that which appears in her latest screen production, a picturization of Bayard Veiller's tremendously popular stage play, "Within the Law." Miss Talmadge, of course, takes the stellar part made famous on the stage by Jane Cowl—that of Mary Turner, the little shop girl who is railroaded to jail for a department store theft she did not commit and who subsequently, through force of circumstances, joins a gang of blackmailers, always keeping "within the law," and becomes the central figure of a stirring romance.

Sunday and Monday, May 27th and 28th, Pola Negri, in her first American-made Paramount picture, "Bella Donna." She is supported by an excellent cast of experienced players. The two leading men in the production are Conway Tearle and Conrad Nagel. Lois Wilson likewise is featured as leading woman. Claude King, Macey Harlam and Robert Schable complete the cast. This is Pola Negri's first American picture, and said to be her best.

Tuesday, May 29th, Katherine MacDonald is to be seen as the daughter of a struggling small town grocer in her latest First National picture, "The Lonely Road." Katherine, as Betty Wade, manages to bring an end to the troubles of her father, though in doing so she accumulates plenty of her own with a husband. "The Lonely Road" is described as the most absorbing romantic drama yet screened by the star. B. P. Schulberg produced it.

Wednesday, May 30th. A splendid cast of players is seen in support of Mae Murray, the star of "Jazzmania," the new Metro picture presented by Robert Z. Leonard. In it are Rod La Rocque, Robert Frazer, Lionel Belmore, Edward Burns and others. Robert Frazer, who had the leading male role with Miss Murray in "Fascination," one of her most successful photoplays, is seen in an important role in this production. Rod La Rocque, leading man of both stage and screen, appears opposite the star in "Jazzmania." Mr. La Rocque terminated a stage engagement in New York to go to Hollywood to appear in this picture.

Thursday, May 31st, "Masters of Men," by Morgan Robertson, the world's most noted writer of sea stories. "Masters of Men" tells the story of an American boy who accepted the shame of another's crime that he might protect the girl he loved from humiliation. Branded in his home town as a thief the lad runs away and joins the United States Navy. While on leave he is shanghaied and suffers the brutality accorded to men before the mast on board a four master sailing the Spanish Main. How he effects his escape and aids in the destruction of the Spanish fleet at Santiago provides a thrilling drama which holds interest throughout every foot of the screening. There are four principal parts, as the story involves the love affairs of four young people. Earle Williams, one of the most popular stars of the screen, plays Lieutenant Breen, the officer who assists Dick Halpin (played by Cullen Landis) to win back honor and manhood. Pretty Alice Calhoun, who has been starred in many Vitagraph productions, and Wanda Hawley, long a popular star, play the chief women's roles. It is a picture of types and of vivid realism. The selection of types is said to have been perfect, particularly of those actors who play the brutal, hard fighting men who comprise the crew of the "Mary Earl." Dick Sutherland and Jack Curtis, who play the mate and captain of the four master, are known to fans as the most brutal looking actors in motion pictures.

Opening Rainbow Recreation No. 2

This evening, May 25th, will witness the opening of a real recreation parlor in Englewood at 731-33 63d st., formerly occupied as display room and office of the People's Gas company, just opposite the Englewood theatre. First will be their high class restaurant, catering to those who are particular as to what they eat, under the management of Ted Manning and Chas. McAdow; then the billiard room, equipped with twenty-three of the latest Brunswick-Balke billiard and pocket billiard tables, with every improvement in the line, all under the management of Arthur Thurnblad. also a barber shop, newly equipped, with five chairs and every sanitary convenience and appliance known to the tonsorial art. The Rainbow is a distinct innovation and will cater to ladies and gentlemen, and they invite a visit from all Englewood and its friends.

Not Well Informed on Englewood Affairs

An editorial in the Economist, speaking of Mrs. Hefferan's appointment on the new board of education, is very well intended, and we may all feel proud of that lady's qualifications, but the statement that she is the first appointment on the board since our eloquent friend, Dr. White, is a grievous mistake. Following Dr. White, we had Mr. Menz, then president of the Carpenters' union, and after him Robert Roulston, and then attorney George R. Young. We are not prone to criticize our neighbor's editorial, but ignoring the name of Robert Roulston with his brilliant record on the board, would be almost criminal. It was "Bob" Roulston who so strongly urged the large addition to the Englewood High school, and it was he who secured the large lot of ground on Englewood ave., which allowed of the additions last made. It was he also who secured the building of the Lindblom high, now the model school of the country, and probably he has done more for Englewood along securing our share of school facilities than any man who ever served on the board. We might also mention that it was his efforts that secured the Hiram Kelly branch of the Public library.

Mr. and Mrs. Roy R. Marquardt and daughter Edith, have moved to Wilmette and are now occupying the new home which they have just completed building.

Mr. Advertiser:

Did you ever consider that a paid circulation paper issued regularly for over a third of a century, that has recorded the events of this district all of that time, has recorded the birth of many of our citizens, and been the true and faithful advocate of everything that was good for our community, reaches readers that no free circulation medium can reach?

It reaches them regularly every week, is handed into the homes by Uncle Sam's letter carriers, rain or shine, and is looked for with expectancy in thousands of households, every Friday morning.

Such is Sullivan's Englewood Times. Telephone Englewood 1400 and our representative will call on you.

If you have witnessed Mae Murray's recent photoplays—"Peacock Alley," Fascination" and "Broadway Rose"—you will need no argument whatever to make you decide to see her latest, "Jazzmania." This new photoplay is by far the best she has done. In sumptuous backgrounds, in gorgeous costumes and feminine finery, in romantic interest and in its spectacular appeal, "Jazzmania" is simply astounding.

Hamilton Park Branch Library

The following books were added to the Hamilton Park branch of the Chicago Public library during the past week. A few of them are new, but the majority of them are books that have been tested by time and found to be of worth.

De La Roche, Possession; Goldsmith, Vicar of Wakefield (the library has had this book for many years, but this is a different edition, attractively illustrated by Hugh Thomson); Weyman, Great House; Cobb, Stickfuls; Waddle, Introduction to Child Psychology; Taft, Popular Government; Bullock, Introduction to the Study of Economics; Willoughby, American Constitutional System; Spencer, Manual of Commercial Law; Holcombe, State Government in the United States; Hall, Good Form for All Occasions; Brown, How to Teach Arithmetic; Blair, School Algebra; Dobbs, School Course in Geometry; Peabody, Elementary Biology; Hegner, College Zoology; Hunter, Wool; Hess, Creative Salesmanship; Kissell, Yarn and Cloth Making; Henderson, European Dramatists; Huneker, Iconoclasts; Huneker, Unicorns; Lewisohn, Modern Drama; Mencken, Book of Prefaces; Lowell, Sword Blades and Poppy Seeds; Moody, Poems and Poetic Dramas; Johnson, As I Was Saying; Lowell, Bigelow Papers; Saintsbury, History of Nineteen Century Literature; Saintsbury, Short History of English Literature; Geose, History of Eighteenth Century Literature; Arnold, Sohrab and Rustum; Masefield, Salt-water Poems and Ballads; Masefield, The Story of a Round House; Perry, Study of Prose Fiction; Macaulay, Critical and Historical Essays; Carrington, Anthology of French Poetry; Adams, Civilization During the Middle Ages; Olgin, Soul of the Russian Revolution; Parkman, Pioneers of France in the New World; Brigham, Commercial Geography; Iles, Leading American Inventors; Morse, Thomas Jefferson; Morley, Voltaire; Lodge, Daniel Webster.

Memorial Meeting

The Spiritualists' Missionary Bureau of Chicago, at Southland hall, corner of 59th and Halsted sts., Sunday, 2:30 o'clock, a conference meeting will be held, followed by a demonstration of healing and message service.

In the evening at 8 o'clock a memorial service will be conducted. Mr. Gilbert Sellert will give the address and will be followed by several message bearers.

The collection taken at their meeting will be given to the disabled service men's fund, in care of the Woodlawn Post of the American Legion. Everybody welcome.

"Lest We Forget"

Poppy Days, May 29th and 30th

James J. Buckley, commander Town of Lake No. 322, American Legion. The scarlet poppy is the memorial flower of the American Legion. The American people are asked to wear one of them on Memorial day in reverent tribute to the memory of America's heroic dead.

One of the spots that will always be of deep interest to American soldiers and their friends and families, is Chateau-Thierry, which is the place the American army first showed the world its mettle.

"Where Poppies Bloom" is an impressive trip through the battlefields so sacred to the memory of the fallen American heroes. Scattered from Chateau-Thierry to Fismes are many landmarks familiar to the soldiers. Poppy-filled trenches, isolated graves, abandoned tanks, the American cemeteries at Belleau Woods and Fismes will be reminiscent of days never to be forgotten. And on the lonely plain at Chamery is the grave of the beloved American's son, Quentin Roosevelt, so highly honored by the French people. These towns will ever remain a lasting historical record of American sacrifice.

Every red-blooded American will consider it a privilege to give the American Legion a dime or more for one of the flowers that symbolizes so much. Each dime received will go toward "carrying on." You must remember there are thousands of ex-service men who returned from the war physically unfit to take up their respective positions in society, and they have looked to the American Legion for assistance.

There are many thousands of cases which the American Legion is handling but it takes time and money to get them adjusted, as the majority of claims are turned over to the American Legion when all else fails.

The American Legion will sell poppies in Chicago on Tuesday, May 29th, and on Decoration day, May 30th. Now these poppies are not to be sold on street corners, for the American Legion knows full well that the people of Chicago have been imposed upon in the past by tag days, therefore no one is to be approached for the sale of a poppy. The distribution will be confined to the interior of buildings, such as railroad stations, hotels, office buildings, clubs, stores and theatres. And on Memorial day permanent booths will be established along the line of march.

Benefit Card Party

The patriotic women of Englewood are urged to attend the card party which will be given by Englewood chapter, American War Mothers, on Thursday afternoon, May 31st, at 2 o'clock, in the Englewood Masonic temple, for the benefit of the sick soldiers at the Jackson Park hospital. Tickets may be obtained at the door.

Boy Scout News

The West Englewood Troops held a rally at the Thoburn M. E. church, 64th and Paulina sts., on Tuesday, May 22nd.

The Englewood Christian church, Stewart ave. and 66th pl, will open its doors to the troops of the Englewood subdistrict, for a rally, to be held on June 8th at 8:00 o'clock. Don't forget the date, boys!

Court of Review for the Parks subdistrict was held at the Hamilton Park field house Wednesday evening, May 23rd.

The May court of honor will be held on May 31st at 8:00 p. m. at Scout headquarters. Many of the Scouts who earned merit badges at the March and April courts of honor have not yet called for their certificates. Please call for them as soon as possible.

Southwest Scouts turned out strong for the loyalty parade on Friday last, the opening day of Boys' week. Between 600 and 700 of our boys were in line, and most of them were in full uniform, violet neckerchiefs, 'n'everything.

Kiwanians Richly Entertained

Tuesday's luncheon was one of the most enjoyable of the season. Two unusual attractions brought out a good attendance, and everyone was glad they were present, even "Bill" Cunningham was detected smiling, while B. M. Bassford offered to lead in prayer. The attendance award, a box of cigars, went to Raymond Mount, who promptly distributed them among the smokers. B. M. Bassford was unanimously elected to provide the attendance award for next week. Tom Whitehead presided with all the dignity of a senator. Through the courtesy of Roy Phillips, of the concert management firm of Stroup & Philips, the Kiwanians were treated to a number of choice vocal selections by Kiwanian James Goddard, the noted Bass Baritone of the Chicago Opera company. Mr. Goddard has a wonderful voice of great purity and strength, while his stage presence, a great big he man, strong as Hercules and handsome as Adonis, adds greatly to the charm of his singing. His brother Kiwanians in Englewood are grateful for his contribution to their entertainment and hope to hear him soon again. He was accompanied by the accomplished artiste, Miss Helen Hunt West, herself a soloist of ability. Our own Dr. Frank J. Norton delivered a very entertaining talk on "The Laboratory an as Aid to the Physician." The talk was made more enjoyable from the fact that the genial doctor spoke in understandable terms, carefully explaining in plain every day English just what he meant.

The program committee has something out of the ordinary to offer at next Tuesday's luncheon and the full membership should attend.

We will accept classified ads by telephone hereafter from subscribers or persons known to us, and they may remit later. Call Englewood 1400, Englewood Times, up to 5 p. m. Wednesday evenings.

Infant Welfare Association

The new welfare society, known as "South Park Infant Welfare association," began life very auspiciously at its opening at Ogden Park on May 21st. Children from birth to 2 years and residing south of 55th and west of State are eligible to attention at this station, which is operated under the medical supervision of Assistant Medical Director Dr. Katherine Mayer, with Mrs. Charles Brown, our superintendent.

Three classes of membership are issued to enable everyone, and especially those benefiting from the work to participate in its operation. First, for sustaining membership, $10.00; second, contributing membership, $2.00; third, baby membership, $1.00.

The volunteer work is done by women of the Third Federation Woman's club, church, fraternal and social organization in the community.

The work of the association is not charitable, but purely educational, and enables mothers to make every effort show in a stronger, better baby. Clinics are held weekly, Monday and Thursday, from 12 to 3 o'clock.

Uncle Sam Offers Free Booklet

A government booklet called "How Other People Get Ahead" has been issued by the U. S. Treasury Department. This booklet, designed particularly for persons with modest incomes, shows the necessity of exercising care in the management of resources, the beneficial effects of saving, how to differentiate between good and bad investments, the danger signs of fraudulent schemes, and the essentials of sound investment. "Why am I not as prosperous as my neighbor, whose income is less than mine?" is one question answered by the booklet. Copies may be obtained upon request to William B. Bosworth, government savings director, 230 S. La Salle st., Chicago, Illinois.

Hall, manager, in one of the most successful recitals in the Young American Artist series this season at Fine Arts Recital hall. There was a splendid attendance and it was very commendable from an artistic standpoint, as well as for musical value.

Miss Kelly's program was well praised by the corresponding music critics, who were present that evening, May 3rd.

HOW TO TURN PROFIT INTO CASH

What precaution have you taken to protect your business against a probable destructive strain that might be caused by its management becoming impaired through sickness or death? Have you not often wished to accumulate a reserve which would represent a cash surplus in the bank instead of finding the total proceeds of your business constantly re-invested in merchandise?

Police Department Tests the Lincoln Car

In a series of three tests for speed and quick getaway, conducted by the Detroit Department of Police, on Oakland boul. at Dearborn, Thursday afternoon, first place among the field of ten competitors was awarded to the Lincoln car.

The tests were made in an effort of the police department to secure a "flying squadron" of motor cars to enlist in the campaign against robberies and other crimes of the road.

Quick starting from a dead stop, rapid acceleration over long and short distances, and the ease with which the cars could be handled in any emergency, demanding immediate ability to get going at race track speed, were covered in quarter mile, half mile and two mile tests, two of which were made from standing starts.

A large gathering of city officials, engineers from representative automobile plants, and many spectators were present. Official clocking of the speed was made by stop watches held by the official referee and by judges in the cars, and cars were also timed and speedometer readings checked by members of the Detroit Motorcycle squad.

The tests called for stock touring cars carrying six passengers each.

In the two mile standing start quick acceleration test, the Lincoln, finishing first, covered the distance in one minute forty-nine and two-fifths seconds, attaining a speed of eighty miles an hour. The next nearest competitor covered the distance in one minute, fifty-seven and two-fifths seconds. The slowest time recorded was two minutes twenty-three seconds, finishing at a speed of sixty-two miles an hour.

In the half mile test the Lincoln again taking first honors, covered the distance in thirty-eight and two-fifths seconds and finished at a speed of seventy-three miles an hour. The nearest competitor covered the distance in thirty-nine and one-fifth seconds.

The quarter mile test was made from a running start of five miles an hour in intermediate gear. In this test the winner covered the distance in twenty-six and three-fifths seconds, while the Lincoln tied for second place with a time of twenty-six and four-fifths seconds. The slowest time in this test was thirty-four and two-fifths seconds.

Evening High School Field Day

Englewood Evening High school will have a gigantic field day at Beverly Hills Memorial Day, under the auspices of the Evening Booster association, with a special committee, headed by Willis J. McAley, instigator of the idea, in charge.

It will be very unique, insomuch as it is the first event of its kind to be given by an evening school and took months of careful work to develop all the plans. Leading merchants of Englewood are backing the affair and many will donate prizes for the numerous athletic events. The public is invited and many prominent business men will dust off the old-fashioned lunch basket and attend with their families. Pretty Boosterettes will sell refreshments of all kinds at every turn and an effort is being made to provide dancing for the afternoon.

The races are open to everybody, a teachers' race, both ladies and men, and a fat man's race being one of the features of the day. The boys have nothing on the girls, for in addition to racing they will play indoor baseball and show their "sheiks" some real stuff.

Principal Willis E. Tower is heartily in favor of the celebration and is urging the teachers to bring their families.

Miss DeHart was formerly of Clifton and the young couple have many friends in Englewood who will join with us in wishing them a long life of happiness and prosperity.

SULLIVAN'S SENSE AND NONSENSE

ON MEMORIAL DAY

To muffled drum and measured tread
With grief Columbia bows her head
In memory of her honored dead.
From Alaska snows to pine-clad Maine
A Nation lays her tasks aside
In honor of her sons who died.
And prays to Him whose hand doth guide,
O, may they not have died in vain!

It is divine to forgive, but it is easier to side step.

Didja ever notice it takes a man a lifetime to overcome his bad grammar?

God may help those who help themselves, but the police often gets a fellow for doing it.

It is hard lines for an invalid to wake up in the morning feeling fine, and then suddenly remember that you are supposed to be sick.

Wednesday next is a day we should all honor. Were it not for the heroes of that day, we should not have our glorious country as it is today.

When the small boy was asked why the lions did not harm Daniel when he was cast into their den, he answered, "I guess it was 'cause they belonged to the same 'frat.'"

Drug stores have become great institutions these progressive days. You may buy all sorts of fancy eatables in one department and just cross the aisle buy a tablet for indigestion.

How these girls do love one another! One rather passe, telling of her experiences with men, remarked, "I don't care for men. In fact I've said 'No' to several of them;" and her dearest friend innocently asked, "What were they trying to sell you?"

This sounds like history. It was just three months after this Englewood couple had faced the parson and they were seated at the table when the little wifey softly asked: "Do you love me still?" and the hubby bub answered: "Of course I love you still, and see that you keep still while I read the baseball score."

Casey was riding in a crowded car yesterday and holding his paper before his face, pretended not to see a fat lady standing in the aisle in front of him until a mighty sway of the car sent the fat lady crashing down on him. Rising to his feet among the debree of himself, he tendered her the seat, at which she remarked: "You are very kind, sir." "Not at awl, madam; it's ownly silf defince Oi'm usin'."

A new-made widow called at the office of an insurance company for the money due on her husband's policy. The manager said, "I am truly sorry, madam, to hear of your loss." "That's always the way with you men," she said, "you are always sorry when a poor woman gets a chance to make a little money."

One day young aunty was left in charge of the small apartment and the two children. "I'm going into the kitchen to prepare baby's milk, Bobby," she said, importantly; "you be sure to call me when he wakes up." "Oh, you'll hear him for yourself," flung Bobby; "that kid turns himself on the minute he wakes up—he's his own alarm clock!"

"Call a gurl a chick, ond she smiles," says Casey. "But call woman a hin, ond she howls. Call a young woman a witch, ond it plazes hur, but if ye call an' ould woman a witch, she goes afther yer scalp. Call a gurl a kitten, ond she loikes ut, but call a woman an' ould cat, an' yer loife insurance will be paid. Yis, thim wimin do be quare crathures. If ye call a man a gay dog, it jollies him and he feels good, but if ye call him a pup, a cur or a hound, he'll thry to alter the map iv yer face. He won't moind bein' called a bull or a bear, but be careful not to call him a calf or a cub. Yis, min aare quare, too."

I heard this week of an Englewood man who was getting mighty poor telephone service, but the company wouldn't do anything for it, only send in their bills with customary regularity. His plan to get his 'phone put in shape was a good one, if quite novel. He waited until he was called and asked if this was his number, and while it really was the correct number, he answered, "No, this is 99964, Yards; ring off." In a few minutes he was called again, and the right number asked for, but he answered: "Wrong number; this is Calumet 66697," and this process was repeated all morning, the same being worked on the Central and everyone that called, until at last a call came. "Isn't this Mr. Jones, Wentworth 77763?" "No, this is Main 555596," answered Jones. "Isn't this Mr. Jones?" came the manager's voice. "No, this is Mr. Brown," said Jones, and the result was such a tangle that within half an hour a foreman and six assistants invaded Jones' office with all kinds of batteries, lung testers and tools and when they left he had the best adjusted telephone on the line. See?

Mrs. W. S. Hefferan Appointed to School Board

Mayor Dever honored Englewood, and for that matter, all of Chicago by appointing to the Board of Education, Mrs. W. S. Hefferan of 6631 Harvard ave., one of the most prominent women of the city and state. Mrs. Hefferan is essentially an Englewood woman, grew up here and is married to one of our prominent citizens. She was at one time president of the Englewood Woman's club, is a director of the Woman's City club, and organized the Englewood and Parker high Parent-Teacher associations, was president of the Gold Star Mother's association, and was president of the State Federation of Women's clubs, as well as other organizations looking to the betterment of educational and social conditions. She will be a valuable asset to the important board, and her wide acquaintance and experience will be devoted to giving the city what it so much needs in an honest and progressive school system.

E. C. & C. A. After a Terminal

The Englewood Commercial and Civic association at their luncheon Wednesday launched several projects that if carried to completion will mean much for 63rd st. President Frank C. Berg, with his committees, is aiming to have the association make a record for Englewood, and one of the really big measures is to secure the terminal of the Joliet Interurban railroad in the neighborhood of Wentworth ave. instead of out on the prairie near Archer ave. Halsted and 63rd sts. has the terminal of the Kankakee lines and the Joliet line could easily come in on 63rd st. from the west city limits. The most difficult proposition will be to secure ground enough for a "loop" and switch-back in the Wentworth ave. district, and suggestions will be welcomed by Mr. Berg or his committee. The secretary again was instructed to complain and have condemned the old frame ruins just east of Yale ave. on the north side of 63rd st. Every person in Englewood was also requested to wear an "Englewood" auto tag on their car. Their next luncheon, to be held June 13th, will be a feast on baked beans, and everyone in Englewood is invited to partake.

Bank Buys 63rd St. Property

The First Englewood State bank through the agency of Art J. Whitley, last week bought the sixty feet of property immediately east of the present bank building at the southeast corner of 63rd st. and Yale ave. The property belonged to James H. Moore, and is occupied by frame store rooms. It is the intention of the bank to hold it, and later use it for a much needed extension of the bank building. President Birley and Cashier Ernest Hart, believe that the improvement of other property in the immediate neighborhood will make their purchase a valuable one.

Death of Louis C. Hogan

Louis C. Hogan, one of the pioneers of Englewood, died Monday at his home, 360 E. Garfield blvd., aged 69 years, and his funeral occurred from Daylight church Wednesday. Burial was at Mount Hope cemetery.

Mr. Hogan was a chemist and druggist of national reputation, and served at one time on the State Board of Pharmacy. For many years he was in business in the Moroney block on Wentworth ave., and later was with B. S. Cooban. In early days he was a prominent member of the I. O. O. F. and associated with many of the Englewood social organizations. He formerly lived on Yale ave., near 65th st., where Mrs. Hogan died a few years ago.

What Becomes of City Vehicle Taxes?

Don't all answer at once. We know it is supposed to be used in repairing and keeping in order the streets of the town. Englewood pays an enormous tax, inasmuch as there are more automobiles in our district than any other in the city, yet our principal business street, 63rd, is in a wretched condition, and that from Stewart ave. to Wentworth is actually dangerous. At the corners of Yale ave. and Harvard ave. there are holes over a foot in depth, and the unwary driver is likely to break his car and possibly his neck in negotiating them. It would only take a few hundred dollars to put these places in good shape, or at least make them safe and usable, and Alderman Lyle could have the entire populace arise and call him blessed by having this work attended to at once.

Fire Chief Seyferlich Talks to E. B. M. A.

The attendance at the luncheon of the Englewood Business Men's association last Thursday was about one-tenth of what it should have been, and the absent ones missed a treat. Fire Chief Arthur R. Seyferlich made a rattling fine talk, first, telling of different fires, their cause and effect, and the way to avoid them, then branched into a series of stories that were new and highly enjoyed. Fire Marshal J. T. Monahan of the Englewood station was also present and acknowledged a call with a brief promise of attention to duties, and his pleasure at meeting the Englewood business men. The orchestra was in fine fettle and "Doc" Wall favored with a nice vocal solo. M. D. Price, M. D. (the first M. D. stands for medical doctor and the second M. D. for mule driver) led in community singing and prevailed on the ladies to take part, and Chief Seyferlich also gave an example that there was a way to put out a fire by singing it to sleep. The nominating committee, composed of Margaret Mangus, M. D. Price, K. Ray Ballantine and Walter W. Morris, submitted the following ticket to be voted for at the next election: President, K. Ray Ballantine; vice-president, W. H. McDonnell; secretary, John E. Foster; treasurer, E. H. Holtorff; directors for two years, K Ray Ballantine, W. G. Tegtmeier, E. H. Holtorff, H. N. Englestein and L. C. Smith. An independent ticket will be placed in the field also to give a wider choice of selection. The attendance is falling off disastrously, and some effort should be made to bring out a larger attendance. It is a shame to ask busy men like Chief Seyferlich and Marshal Monahan to attend a meeting of less than two score of business men.
